

Sennheiser – Radio Mics

This ew G2 combo set is ideal for vocals and presentation. It includes a rack-mount receiver, handheld transmitter and a compact bodypack transmitter plus unobtrusive, cardioid clip-on microphone with excellent feedback rejection. The receiver and transmitters feature nine frequency banks with eight directly accessible presets each – ready for immediate use.

Key Features

- 1440 tunable UHF frequencies for interference-free reception
- Absolutely reliable transmission and extended range due to high RF output power
- High-quality true diversity reception
- Pilot tone squelch for eliminating RF interference when transmitter is turned off
- Automatic frequency scan feature searches for available frequencies
- Transmitter and receiver with rugged metal housings
- Transmitter with backlit display (lights up when a button is pushed)
- Bodypack transmitter has contacts for recharging the BA 2015 rechargeable battery pack directly in the transmitter
- Receiver features user-friendly menu operation via two-colour backlit graphics display (green = OK / red = warning)
- Lock function avoids accidental changing of settings
- HDX compander for crystal-clear sound
- 4-step battery status display, also transmitted to receiver
- Mute function for the transmitter
- Wide range of accessories adapts the system to any requirement
